

19.03.2020

Dear Madam, Sir, Dear Partner,

We are facing now unprecedented circumstances, as more and more countries take action to manage and mitigate the impact of the coronavirus. Today, we would like to take this opportunity to share with our exceptional measures as follows;

- Delivery of finished products, spare parts;

After an in-depth internal consultation, we decided to stop the delivery immediately until 31<sup>st</sup> Mar 2020 at least, except for construction machinery shipped from the Netherlands. The period may change depending of further announcements from the government.

- Service, other operational works;

Services and other operational duties remain operational by utilizing remote-office but with limitation.

We are aware because of this decision, we will not be able to meet a number of agreements on the delivery of your orders. However, under current emergency situation, our primary concern continues to be the health and safety of colleagues and their families, customers and our business partners, thank you for your loyalty and understandings.

Please do not hesitate to reach your contacts, we will remain available by email and phone.

We appreciate your understanding towards this difficult situation and decision.

Sincerely,

Nobushige Ichikawa

President, Kubota Europe S.A.S.

Vice President, Kubota Holdings Europe B.V.
